

The Chauvin Chronicle

AN INDEPENDENT WEEKLY NEWSPAPER CIRCULATING THROUGHOUT
ARTLAND, CHAUVIN EDGERTON, RIE STONE, MERTON, SIFTON, & MANITOU LAKE

VOL. 7: NO. 355 CHAUVIN, ALBERTA, WEDNESDAY MARCH 16th 1921 5c. per copy \$2.00 per year in advance

HOSPITAL SCHEME IS FAVORED BY DELEGATES AT EDGERTON

A representative meeting was held at Edgerton last Thursday, its delegates from the various municipalities and villages, together with U. F. A. and W. A. representatives in territory of which Wainwright is the center. Among those present we note: Messrs Hill, Love and Wyatt, of Irma, Messrs May, Paul and Dwyer, of Wainwright, Mr. Morrow and Dr. Smith of Edgerton, Messrs Keith and Saul, of Chauvin Mrs. Spencer of U. F. W. A. also representatives from the municipal districts and U. F. A.

A. E. Keith, of Chauvin was appointed chairman of the meeting, and W. A. Huntingford, of Wainwright, secretary. The matter of hospitals was then thoroughly discussed. It was pointed out that it was most desirous that the territory along the line of the Grand Trunk Pacific should be organized without further delay, and that the hospital accommodation is urgently needed, but also because the hospital districts are being organized along both the Canadian Northern and the Canadian Pacific lines and are encroaching on the territory tributary to this district and rateable territory. It was suggested that a tax revenue on the one hand, and diverting folks into districts more remote from hospitals on the other. And as the preliminary business of hospital organization takes about two years to be accomplished the meeting, apparently itself heartily in favor of starting right away to, organize this territory into a municipal hospital district, by a vote of 9 to 3.

The scheme, as at present outlined, calls for a cottage hospital, with five beds, at Irma, Edgerton and at Chauvin, with a larger central hospital at Wainwright.

To carry on the earlier work of organization, the following officers were elected pro. tem.

A. E. Keith, Chairman, Chauvin
H. P. May, Secretary, Wainwright

LOCAL LAKES TO BE INSPECTED

During the past few years, at various times, representations have been made to the proper department, to get some of our local lakes stocked with fish. The department have hitherto refused a deaf ear to all appeals. They have made several recent concessions, among which we may mention: that mineral salt adverse to fish life may exist; and, that shallow waters get too warm in summer and freeze too solid in winter. Lately it has been proven that fish life is maintained in one or more of our more private waters around, and the department have promised to send an official to investigate and report. Upon his report a decision will be made, and if favorable the suitable lakes will be stocked with such fish as the department desire.

CHAUVIN PRINTING WINS APPROVAL IN EDMONTON

Some auction posters, the work of the Chauvin Chronicle office, on display at the Edmonton Stockyards attracted the attention of several prominent business men, who remarked: "Why don't more printers outside of Canada, see here, it says 'Printed in Canada' made paper by the Chauvin Chronicle."

With the lone exception of blotting paper (not made in Canada until the past few years) this office does not use any paper made outside of Canada, unless the customer insists on any specified paper for special orders.

There will be a concert and dance at Prosperity, April 1st. Watch for bills

WELCOME TO TWO NEW BRIDES

Welcome to our new brides, who arrived from the East last Saturday. Mr. and Mrs. Alex Benoit arrived Saturday last from Montreal. Their marriage was solemnized at St. Zephir, P. Q., February 2nd last. The brides maiden name being Miss Beatrice Coucheuse.

John Coucheuse returned to Chauvin by the same train, accompanied by his bride, who was Miss Regina Gouin. Their marriage was celebrated at the same place on February 12th.

They were received at the station very heartily by a large number of friends and well wishers.

ANOTHER NEAR ARRIVAL

Romeo Benoit arrived from Quebec last Saturday. It is his intention to locate in this district.

SHAREHOLDERS MEETING CALLED: WED. MAR. 23rd

Very important business is to be discussed at a general meeting of the shareholders of the Chauvin District Milling Co., Ltd. The meeting is to be held in the Oddfellows' Hall, at 2 o'clock, Wednesday afternoon, March 23rd. Every shareholder urgently invited to be present.

JARVIS MEDLA. TO HAVE DIED RECENTLY

Harry Medland, who homesteaded on the N.W. 24-43-3, in the Rorog district in 1907, and resided there until about 1910 is reported to have died. He was a victim of the recent epidemic of "Flu" and since then has not enjoyed good health. He was expected to have to undergo an operation at an early date. His death is now reported. Up to the time of going to press, we have been unable to confirm this report.

A POOR ATTENDANCE

There was but a poor attendance at the dance given by the Chauvin Orchestra last Friday. Evidently the list of public events of this nature is too full of events.

A FARM ACCOUNTING SYSTEM THAT IS A GOOD THING FOR ANY FARMER

Duns and Bradstreet's, the greatest mercantile agencies, both say that "Accounting is the greatest business criminal" and that 80 per cent of failures are due to this cause.

As a class, farmers are apt to be financially careless, very largely because there has hitherto been no complete method—so simple, the ordinary man could follow it—provided for keeping accurate account of their operations.

Scott's SIMPLIFIED Accounting System for Farmers meets this need. It gives forms providing for a monthly showings in every branch of farm work for Five Years—including a detailed statement which will be accepted by any bank.

Following its simple principles, any farmer can keep accurate accounts—have a perfect check on every branch of farm work—it is a perfect book-keeping system—compiled by a banking expert especially for farmers.

The only system which is given a Systematized Pocket Note Book and simplifies your income tax return. Ask to see the endorsement of the system by government officials and farmers' organizations officials, and leading financial men.

Copies can be obtained from the Chauvin Pharmacy

LOCAL HEREFORD CATTLE PROVIDE BEST PRIMA L' AT REGINA PURE BRED SALE

"Agnes Fairfax 3400", owned by J. S. Palmer, of Armad, was the winner of the ribbon awarded to the best female at the sale. The sale was held at the Regina Pure Bred Show and Sale, March 10th.

This award is no small honor to the district in general, and to our good neighbour Palmer, in particular. It being won against the best that Saskatchewan can produce, including all the best blooded sources of the provincial experimental farm.

SCHOOL FAIR PRIZE LIST

A meeting of the committee to construct the school fair prize list was held at the home of Miss Paul on Friday last. A full school list including garden produce, ship, painting, drawing, live stock, etc. was drawn up.

Recommendations will be made to the general committee on April 5th to expend some of the prize money in dollars in prize money. In addition local subscriptions are being taken for special prizes. The prize list will be printed when adopted and then distributed to the schools concerned.

NOTES FROM THE NORTH EAST

Quite a few of the members of the branch of the Grain Growers Association are quite good for the new members.

It seems as if the children of the Sherlock Lake S. D. will make more school their head quarters this year.

Two ladies on the farm local district are going to the local, and to the ladies' congress.

Everything points to a good time at Brady on the 17th. The Old Ireland B. are and be in time at it. The Leaning Dramatic Society will appear—enough said. Ladies, please bring baskets.

It is proposed to open the Brady Sunday School about the middle of April. A meeting is being called shortly to discuss the programme for the season. It is hoped that this year will see a minister in the district, and that the school and services will keep up the success of last year, which was a record—not only for Brady, but for the district. A. All that is needed is a concerted effort on the part of officers and scholars to make the coming season even more successful than 1920.

There are to be many changes in our telephone system—branch developments. Our general secretary, along with the directors, are leaving no stone unturned to get long distance.

LETTER OF THANKS

Mr. and Mrs. Kendal W. Coe, wish to thank their many friends for an enjoyable evening on March 4th at Brady, also for the presents received on the occasion of their marriage.

THOSE "MURPHIES" AGAIN

It is our duty to make a correction of the report of prize winners in the seed potatoes class at the Chauvin fair. The first prize for White Potatoes was won, not by Joseph Smith, Edgerton. The prize was won by Joseph Smith, Artland.

The young people of Airle are practicing for an entertainment on April 1st

GRAIN GROWERS MEETING AT THE FRAM SCHOOL

The second meeting of the Fram local branch of the S.G.G.A. was held on Saturday evening, March 5th.

There was a splendid turnout and a good time was spent. The minutes of the last meeting were read and approved on motion of Mr. W. Pritchett, seconded by Mr. S. Ulla.

In support of this motion Mr. Ken. W. Coe said:—Ladies and Gentlemen: When I first paid a visit to this school I was struck by the number of people who were present, and it made me wonder why no attempt had been made to form a Local branch of the Sask. Grain Growers Ass'n, and upon making enquiries I found that while everyone was in favor, in fact enthusiastic, of such a scheme yet there was one could find the necessary courage to come boldly into the open and take the lead. I was assured that the only thing needed was a leader. I left it at that, thinking that perhaps some one would step in and take the initiative, but when I came to Prim on February 4th and found no action had been taken, I may frankly say that I was disappointed. We have two locals in the district around, and if you will not join a neighbouring local, well we must see if we cannot form you into a branch of your own. And so, with that end in view this meeting has been called to see if we cannot get a local branch of this district. If you formed a local to meet in this school, and discuss matters that would be of material benefit to one and all of you, and now before I proceed to place the communications I have received upon this matter, let me warn you not to jump too hastily to any conclusion. Weigh the pros and cons impartially, and when you are called upon to give an answer, let it be a fully considered one. If you decide, after mature consideration, to form a branch then go to it with a right good will. Each and everyone to do his, or her, best for the movement, not for any personal gratification, or self praise, but for the common good of the common people. The officers you elect should be people of principle, enthusiastic and not liable to tire after a few meetings. Men and women who are fearless in doing their duty by their local and their fellow members. Get into this description and you cannot fail. And when you have elected these people let the whole membership back them up in whatever they deem it necessary to do for the good of the district, and for Grain Growers in general. Many branches have been formed and failed through trying to do things at the start. Go slowly at first and you will succeed. But before you can launch out and a greater and better things by not being in too big a hurry at the start. You have heard me mention the women once or twice in my remarks. The time of the old adage "Men must work and women must wait" has passed. Women do their share in the work of the farm. Women have risen to having the franchise granted to them. Women have been called to the Bar, are practicing medicine, the in fact, are performing the same high type of work as men, and very rightly so. Therefore if you decide to form a branch of the Sask. Grain Growers Association, then the women must also get themselves busy and form their branch. They have their troubles to be righted as well as us. In their buying and selling they have to combat the same difficulties as we have and it is only by such or-

Another of the members of the branch of the Grain Growers Association is quite good for the new members.

It seems as if the children of the Sherlock Lake S. D. will make more school their head quarters this year.

Two ladies on the farm local district are going to the local, and to the ladies' congress.

HIGH SCHOOL BREEZES

The best in rapid calculation for last week were: Ethel Goede, Bunice Haas, George Woodward.

Miss Freeman's room reopened on Monday after their enforced vacation. No further cases of Scarlet Fever. No further cases of Scarlet Fever have developed.

On Saturday, Thelma Villa and her father moved into the house, formerly occupied by Mr. Nooks.

The High School will be closed down during the Easter holidays as Mr. Laws is purposing to attend the Convention.

The junior H. S. grades are looking for gas masks. Grade XI have been the week and during the process caused everyone within smell. Chlorine is the gas which is the basic element used in the preparation of the gases used during the Great War. It is heavier than air and stays low down, hence in the room keep your head from the floor. In fact most of the gases that do not support combustion are heavier than air. Even in a room, the purer air is up above, although it may feel stuffy.

A northern hairy woodpecker has its home in the woods near the slaughter house. Its "peck, peck," sounds cheerful on these cold days. It is a very noisy bird, and is often spotted forward and back, and pecking away like a steam hammer is an interesting sight.

We welcome into our midst Esther McAllister who is taking Grade X course.

S. AUBINS SCHOOL TRUSTEES MEETING

Special meeting of the Trustees of the St. Aubins R.C.S.S.D. was held March 3rd 1921.

The other trustees were present. Mr. Poirier, Chairman, Mr. O'Brien, and Mr. R. L. St. Jean.

The minutes of the previous meeting were read and on motion of Mr. O'Brien—Mr. Poirier were adopted as read.

Other—Dr. St. Jean, that secretary write to every taxpayer that if taxes are not paid by March 20th 1921, action will be taken against them.

O'Brien—Poirier: That the assessment be the same as last year.

Dr. St. Jean—Poirier: That the teacher quit making concert, this being the last one.

Poirier—Dr. St. Jean: That the four acres taken for the road allowance and lake be taken off assessment of Mr. O'Brien 120.00

O'Brien—Dr. St. Jean: That the bills be paid as long as the money lasts

Final Bills 16.25

Mr. O'Brien 12.50

Teacher's Salary 120.00

Secretary's Salary 85.00

A. C. Nachtergaele 13.10

O'Brien—Poirier: That meeting adjourn

S. AUBINS SCHOOL CONCERT

A very pleasant evening was spent by everyone who attended the concert given by the scholars of the S. Aubins' school, last Thursday evening. Considerable talent was displayed by the youthful artists, and there was evidence in plenty of very careful preparation and tuition by the teacher, Miss Comboy.

Have your car overhauled during the winter months and avoid the spring rush.

**In House Of Commons
 W. J. Blair's Speech**

OFFICIAL REPORT

Mr. William John Blair (Battle River): Mr. Speaker, I do not know that it is necessary for me to take up the time of the House in further congratulating the Prime Minister (Mr. Meighen) on his elevation to that high office. I have already done so personally. I would, however, like to add my congratulations to the speaker and the second of the Address on the able manner in which they performed their duty.

My intention in taking part in this debate is to touch upon two matters, both of which are of political importance to Western Canada. The first to which I refer is the matter of bringing on a general election at this time. In the year 1911 an election was sprung upon us just as the cen-

sus figures were being completed, and for six years from 1911 to 1917, the province from which I come was represented in this House by seven members instead of twelve, and a similar condition would no doubt arise again if an election were held before distribution took place. The move of the amendment (Mr. MacKenzie King) has been recently through the West, and I think he will agree with me when I say that, as leader of his party, he has very little to hope for from the West. To bring on an election at this time would be taking an unfair advantage of particularly the four western provinces. Of recent months, I have been through my constituency a number of times, and I must admit there has been a demand for an election, but only from those who were opposed to this Government in the first place, and particularly from those who were opposed to this Government's war policy. I have not heard of a de-

mand for re-election from Liberals with supporters in mind and who were many. I have heard it from the Conservatives, who supported me, and there were many of them too. The fact of the matter is that the people of the province of Alberta are not wasting very much time in thinking about party politics, they are at (ending to) their business and going ahead as fast as they may. The question which I want to deal to me of greater importance to the three Prairie Provinces than anything that has yet been discussed handling the matter of the former's grain. I need no state that the situation is now not probably any way will be the great industry of these provinces, and grain branch of agriculture. At the outset I want to say that I agree with the remarks and the suggestions made (Mr. Hord) in the latter part of the speech which he made in this House this afternoon. Everything he

attempted to be there will be a loss of anywhere from \$100,000 to \$200,000 for the farmers in that way alone, at that one point, and that is only one of thirty-five shipping points in the constituency I represent. (at six o'clock the House took recess) (the House resumed at eight o'clock) Mr. BLAIR (resuming). When the House rose at six o'clock I was referring to some of the grain companies that are operating as counter points in the Prairie provinces. I had mentioned the fact that it had been reported to me that a farmer had driven his load of grain from one elevator to another and found in doing so that it had increased some eight bus-

PRINTING
IS AN ART

The thralldom of the Dark Ages was broken by the introduction of the Art of Printing. All modern progress is based on knowledge. With the spreading of knowledge the fields of invention, industry and commerce were widened and made more prolific.

The Art of Printing had developed enormously. It has reached a stage of perfection undreamed of by

Gutenberg and his early disciples. With the aid of the most highly perfected machinery it is now possible to produce perfect copies a thousand fold more rapidly than the earlier crude productions.

For obvious reasons, the country printer has been slower to modernize his equipment than the printer in the city. Thus the term "Country Printer" has carried with it a stigma of poor or inferior produce.

On the other hand city printers are establishing their operating plants in the country, for they are finding it more economic; and at the same time more congenial for the operatives.

The Chauvin Chronicle is steadily developing along its own line. It has a modern plant, situate away from the city. It is producing city standard work, and is making every effort to demonstrate that the term "country printer" may stand for what it really means: that is "a master of his own art, and a servant of all other activities".

W. J. Blair's Speech In House Of Commons

OFFICIAL REPORT

(Continued from page three)

House. This testimonial was given by a member of the Wheat Board, it was given by the man who is the President of the United Farmers of Alberta, Mr. H. W. Woods; it was given at a public meeting, attended by some two thousand farmers and the report of the proceedings appeared in a paper which is not always friendly to the present Government, the Edmonton Bulletin. This is a verbatim report of the proceedings.

"The Canadian Wheat Board during its existence saved the Canadian farmer 50 millions of dollars and I am

certain that if it continues to sell their grain along the same lines as before its abolition by the Government that it would save the farmers of this country several millions more."

"The Wheat Board and in the past has rendered efficient service and there is no reason why it cannot be continued. It would give the right kind of men on the Board. But let me tell you this, just as soon as you get politics and inefficiency mixed up with it, then give me the open market."

Now, I want the members to note the significance of Mr. Wood's statement. He stated that in handling the wheat crop alone \$50,000,000 was saved to the farmers of Western Canada in one year. If the same efficiency and good results had been secured from the handling of all other grain, that is, oats, flax, barley and rye, another \$50,000,000 would have been saved.

that would be \$100,000,000 according to the testimony of Mr. H. W. Woods, who is not politically a friend of this Government. I want to emphasize that the ordinary charges made by the Wheat Board for commission, handling, freight, storage and insurance were not less than those under ordinary conditions. So it follows that, if the statement is correct, the farmers of Western Canada might have saved an equal amount, and that in other years they were deprived of this amount of money by the grain dealers.

I think it would be well for the Government to investigate the means of marketing Western grain when the saving may be so great as \$100,000,000 a year. We have lost in the habit of thinking in big figures, but let us consider for one minute what \$100,000,000 would mean. It would mean the most interesting of all the national debt: it would buy 100,000 miles of rural telephone line—\$100 is worth considering—it would buy 2000 miles of railway; it would not under cultivation 10,000,000 acres of new prairie land; it is more money than has already been paid by the Soldier Settlement Board; and it would pay the duty on all agricultural implements imported into the Dominion in a period of sixty years.

I have referred to the spread between the actual and track what and other grain and the Canadian National and the type I referred to at the beginning of my remarks, and who want an explanation. They will say that there is not much spread at points on the Canadian Pacific Railway and that it is not altogether wrong in saying that the spread was greater on the Grand Trunk Pacific and at Canadian National points. But I have the word of the president of one of the largest grain firms in Winnipeg to the effect that both the Canadian National and the Grand Trunk Pacific and the Canadian National are all wrong.

I want to make one thing very clear to the Government. I have investigated every phase of the marketing of wheat and other grain from the time the farmer drives his wagon on the scales at the country elevator point to the time that the grain reaches Liverpool or until it is landed at the mill in Eastern Canada. I have heard more complaints about the way our grain has been handled this last year, and especially since the farmers got acquainted with the efficiency of the Wheat Board, than I have heard concerning any phase of the economic life of Western Canada, and I feel sure that if the Government conducts a thorough investigation to find out where the abuses are, and the remedy for those abuses, it will do a greater service to the grain growers of Western Canada than any other action that this government has taken or can take or that any Government in the past has taken. Certainly the Government will render a greater service to the farmers of these three provinces than anything that has been suggested by our friends in either Opposition party. I hope that such an investigation as was proposed by the hon. member for MacDonald (Mr. Hender) will be proceeded with and that it will have concluded its labours in time to have the results formulated before the next season's crop is harvested and ready for the market.

Canada has 27 universities, 1000 schools at all levels, 1000 first schools, 1000 second schools, 1000 third schools, 1000 fourth schools, 1000 fifth schools, 1000 sixth schools, 1000 seventh schools, 1000 eighth schools, 1000 ninth schools, 1000 tenth schools, 1000 eleventh schools, 1000 twelfth schools, 1000 thirteenth schools, 1000 fourteenth schools, 1000 fifteenth schools, 1000 sixteenth schools, 1000 seventeenth schools, 1000 eighteenth schools, 1000 nineteenth schools, 1000 twentieth schools, 1000 twenty-first schools, 1000 twenty-second schools, 1000 twenty-third schools, 1000 twenty-fourth schools, 1000 twenty-fifth schools, 1000 twenty-sixth schools, 1000 twenty-seventh schools, 1000 twenty-eighth schools, 1000 twenty-ninth schools, 1000 thirtieth schools, 1000 thirty-first schools, 1000 thirty-second schools, 1000 thirty-third schools, 1000 thirty-fourth schools, 1000 thirty-fifth schools, 1000 thirty-sixth schools, 1000 thirty-seventh schools, 1000 thirty-eighth schools, 1000 thirty-ninth schools, 1000 fortieth schools, 1000 forty-first schools, 1000 forty-second schools, 1000 forty-third schools, 1000 forty-fourth schools, 1000 forty-fifth schools, 1000 forty-sixth schools, 1000 forty-seventh schools, 1000 forty-eighth schools, 1000 forty-ninth schools, 1000 fiftieth schools, 1000 fifty-first schools, 1000 fifty-second schools, 1000 fifty-third schools, 1000 fifty-fourth schools, 1000 fifty-fifth schools, 1000 fifty-sixth schools, 1000 fifty-seventh schools, 1000 fifty-eighth schools, 1000 fifty-ninth schools, 1000 sixtieth schools, 1000 sixty-first schools, 1000 sixty-second schools, 1000 sixty-third schools, 1000 sixty-fourth schools, 1000 sixty-fifth schools, 1000 sixty-sixth schools, 1000 sixty-seventh schools, 1000 sixty-eighth schools, 1000 sixty-ninth schools, 1000 seventieth schools, 1000 seventy-first schools, 1000 seventy-second schools, 1000 seventy-third schools, 1000 seventy-fourth schools, 1000 seventy-fifth schools, 1000 seventy-sixth schools, 1000 seventy-seventh schools, 1000 seventy-eighth schools, 1000 seventy-ninth schools, 1000 eightieth schools, 1000 eighty-first schools, 1000 eighty-second schools, 1000 eighty-third schools, 1000 eighty-fourth schools, 1000 eighty-fifth schools, 1000 eighty-sixth schools, 1000 eighty-seventh schools, 1000 eighty-eighth schools, 1000 eighty-ninth schools, 1000 ninetieth schools, 1000 ninety-first schools, 1000 ninety-second schools, 1000 ninety-third schools, 1000 ninety-fourth schools, 1000 ninety-fifth schools, 1000 ninety-sixth schools, 1000 ninety-seventh schools, 1000 ninety-eighth schools, 1000 ninety-ninth schools, 1000 one hundred schools.

A GOOD REASON

At the entrance of the Dollar Bank building a colored man hesitated in front of the office directory and carefully scanned the list of names.

"Can I do anything for you, uncle?" asked a thoughtful young man who stood near the spot.

"Ah'm lookin' for a good attorney the man rapid."

"Well, you'll be safe in taking almost any on the list."

"But Ah wants a fust class ninn!"

"Well, why not go to Umson?"

"Is he fust class?"

"Best there is!"

"Well, Ah! go to see him, 'cause my case an' important!"

"What's the trouble?"

"Ah thinks Ah kin git a divorce from my wife, 'cause Ah see heard she went and got married again."

RURAL MUNICIPALITY OF
MANITOULA LAKE, No. 442

Notice Re Gopher Poisoning 1921

The Council of the Municipality are spending considerable money each year for poison for the destruction of money, they consider that it should be spent in such manner as to kill the most Gophers.

It is of no use for the council to get a supply of poison and have it used when the poisoners think they have time to put it out. This system is absolute waste of money, and as it your money the council ask that the Gophers will be poisoned as soon in the spring as they start to come out, and that another dose could be set out about two weeks after the first with good effect.

If any quarters are poisoned by a ratpayer and those adjoining are not poisoned in reasonable time by the ones who should poison them, the council ask that the location of the unpoisoned quarters be given to the councillor of the division in which they are, in these lands will then be liable to be entered upon and the poison laid and charged to the owner as are company lands.

The poison for this year is now on hand and will be ready when the time comes to lay it out.

J. BRADLEY, Secy Treas.

Carnegie Corporation has given over \$2,000,000 for over 150 Canadian libraries.

Travel Will Prove Good Investment

In every person's life at some time or other there comes a feeling of utter exhaustion, or as some say "Fed Up" with a general lack of interest in their everyday surroundings. Hard work is as a rule blamed for this condition, and little is done to remedy it until too late and the family physician is called. Work may be to a certain extent responsible for this condition, but the chief reason is the lack of a change, a relaxation of the mind. Get away for a few weeks vacation, see new sights and how the rest of the world live. Enjoy a change of climate. There are thousands of interesting places in Canada which may be enjoyed either winter or summer, and within easy reach via the Canadian Pacific Railway.

A trip at any season of the year send you back with renewed vigor, broader views and much to write from the knowledge gained. A postal card to any Canadian Pacific Agent will bring you literature and information desired.

The importance of birds to agriculture is always under-estimated. They are essential to the very existence of man and his crops. Weeds and insects which may be eaten by the finches, weed-seed eaters, the warblers and stores of other insect eaters; grain loving rodents, weeds and insects would together combine to make agriculture an impossibility.

presented to the three local school children; a gopher tail competition was held; also prizes to children under 14 years of age for stock and poultry. We had a fine day and our little hall was filled with classes of work, vegetables and flowers. Prizes awarded amounted to \$220. Literature of the Women's Institutes, being kindly handed round for the benefit of our members.

A play entitled "The Spinsters' Convention" was given on June 25th, 1920. The institute donated two gasoline lamps for the hall to be used at all public meetings. \$5 was sent to the P. W. of Canada fund and \$15 donated to the Consequity fund. Flowers and fruit have been sent to various sick people and clothes made for two orphans. Travelling library sent for but not yet received. At our all officers were re-elected with the exception of one director who resigned. We decided that a sick committee should be formed and six members were chosen for the work. We have a membership of 32 members and our work for this year will consist of a play and our fall fair. Our financial standing at the close of year when the books were audited was a balance in hand of \$4.62.

Chauvin G.W.V.A.

The Chauvin branch G.W.V.A. will hold a regular military concert and dance in the L.O.O.F. Hall on Easter (Monday), March 28th at 8 o'clock. Besides assisting the Chauvin

Branch of the G.W.V.A. this concert is also intended to stimulate recruiting for the 13th Alberta Dragoons. Tickets: Gents \$1.00, Ladies 50c., Children 25c.

Members will be enrolled for the G.W.V.A. and the Dragoons at the dance.

Ribstone W. I. Notes

The Ribstone W. I. are giving an entertainment, including short play and a pie social followed by a dance at the municipal hall on Thursday, 24 March. Admission free entertainment and pie social 50c.; 25c. for children under 12 years. To the dance 50c.

The Ribstone W. I. have rented the Ribstone Municipal Hall for a period of one year.
